A four-year OT curriculum (16 books/CDs/downloads) is being planned. CDs and downloads may be used on any computer with a current version of Acrobat Reader. Acrobat Reader may be downloaded free of charge: <http://www.adobe.com>

***John K. Wills** is in the process of writing **lessons for Grades 5 - 8**, which may be used independently (for one grade level) or in a multi-age classroom. The lessons are on the same topics as the lessons by Barbara Hanna for Grades 1 - 4. With this addition, RWS lessons may be used with any combination of students in Grades 1 - 8. Every child may be taught at his or her level, and the activities will meet the needs of all. RWS #101 through RWS #107 have been revised with lessons added for Grades 5 - 8 to the books, CDs and downloads. As brother Wills completes each set of lessons they will be added to the CDs first, and the books will be revised when they are reprinted.
