# 3. TWO DEBTORS

## If You're Thankful

Adaptation by Lisa Smith
Tune: "If You're Happy and You Know It"

If you're thankful and you know it, fold your hands.
If you're thankful and you know it, fold your hands.
If you're thankful and you know it, then your mouth will surely tell it.
If you're thankful and you know it, fold your hands.

If you're thankful and you know it, bow your head.
If you're thankful and you know it, bow your head.
If you're thankful and you know it, then your mouth will surely tell it.
If you're thankful and you know it, bow your head.

If you're thankful and you know it, close your eyes.
If you're thankful and you know it, close your eyes.
If you're thankful and you know it, then your mouth will surely tell it.
If you're thankful and you know it, close your eyes.

If you're thankful and you know it, pray to God.
If you're thankful and you know it, pray to God.
If you're thankful and you know it, then your mouth will surely tell it.
If you're thankful and you know it, pray to God.

Suggestions: Use only the fist three verses with 2s and 3s, and then say a prayer immediately.

Thank you
God for…

Teacher: Cut out the pictures and have your students glue them onto the back (and/or front) of the hands. The graphics have been placed so you can print the one with Jesus, people, etc. on a light pastel page, and then use various colors for the other page.
