The shepherd would look and look until he found the lost sheep. Then he would take it back and put it with the other sheep. God loves us and wants us to be like sheep that follow the Good Shepherd, Jesus.

Jesus told this parable – a story with a special meaning. It is about a sheep that got lost. Jesus told how a shepherd would leave 99 sheep that were safe and go find the lost one.

Would a good shepherd go looking for the lost sheep late at night? YES! Because he loves his sheep, he would want to find the sheep even at night.

Would the shepherd still care enough about the sheep to go look for him even if it stormed? YES! God loves us no matter how bad things get. Can you draw some raindrops?

Jesus said the good shepherd would leave the 99 sheep on the mountain and go find the sheep that was lost. Would he go even if there was a bear along the way? YES!

If it snowed, would the good shepherd still go look for the sheep? YES! The snow would not stop him! He would look everywhere!

What if it was very hot when the sheep got lost? Would the good shepherd still go look for the lost sheep? YES! Even if there was a snake, he would still go look for the lost sheep.
