Jesus told this parable to help us know that God wants us to obey the Bible. It is even more important than finding a lost coin. God loves us very much!

When the woman lost a coin, the first thing she did was to light a candle so she could see better to look for it!

She swept her house looking for the lost coin. It was very important to her! She needed the coin.

Lift the rug to see what the woman found. (After lifting, read this: Remember, their money was not like ours. This is a coin like we have now.)
