Peter asked Jesus how many times we should forgive someone. Jesus told this parable – a story with a special meaning.

When his sister says she is sorry, should the brother be mad like this boy, and say he won't play with her any more? NO! Jesus said to forgive!

What does this parable teach us? What should a boy do if his sister steps on his puzzle accidentally, and then she says she is sorry?

The master forgave a servant who owed him a lot of money. The servant could not pay him. The master was very kind.

The servant who was forgiven was **not** kind. Another man owed him a little bit of money, and he could not pay it back. The servant would not forgive.

The master was not happy with his servant. He told him that since he did not forgive, he would be sent to jail until he could repay his debt.
